

Water Operations Circuit Rider

Atlantic States Rural Water and Wastewater Association

ASRWWA is accepting applications for a Water Operations Circuit Rider position. The Water Circuit Rider implements the USDA Circuit Rider program throughout Connecticut and Rhode Island by working with public water systems as a technical expert in water operations representing ASRWWA. The position is a full-time hourly position with a minimum of 40 hours per week and occasional overtime. Extensive travel to small systems throughout the Connecticut and Rhode Island for on-site visits to small systems is required.

JOB DESCRIPTION:

- Travels extensively throughout the two states to provide on-site technical assistance.
- Performs outreach to small systems to make them aware of this program.
- Provides assistance in all areas of operations, maintenance, management, security, finance, loan applications, health and environmental issues.
- Provides the type of assistance that offers “training” rather than “fixing”
- Prioritizes requests for assistance from systems to ensure those with serious compliance or economic problems receive assistance first.
- Attends NRWA annual conference and annual in-service training for circuit riders.
- Reviews technical standards set and proposed by public and private organizations
- Develops informational articles for dissemination
- Responds to inquiries from facilities, consumers, governmental agencies and others regarding technical matters.
- Provides a minimum of 30 technical assistance contacts per month and reports contact details in web-based daily log application.
- Accurately complete and submit reports in a timely fashion

Qualifications:

- Valid driver’s License
- High School Diploma or GED equivalent.
- VSS operator, Water Treatment Operator, or Distribution Operator certification preferred.
- Multiyear water system experience required (minimum five (5) years preferred) working in operations, maintenance and/or management of rural or community water systems.

Benefits:
